

April 4, 1944

Gordon dear -

I sent the weeks and
flints last week - Mother will
mail these packages tomorrow or
the next day - one of them is from
us! - I hate like hell to say this,
but I think you must write once
a week to the family - just a few lines -
anything but this silence. Cary writes
that she is hearing from you, so you
still are where you can write - Ma & Pa
haven't heard for 12 days - it does seem
long to them, sweetie - They have no
idea of writing, & there has never
been a word from them, but please
write once a week, won't you? John
gets his commission today 13th! - He
will be home for 10 days - apparently he
thinks his chances of getting into the
front artillery are good. Leo & gave report
that small Peggy K. is a model child.

Did Ma write you that Glee Harrison &
his wife are being divorced? Too much
noise 2 hear. Mary Paul Phillips had
her second son on Sunday - Fred is on the
high seas - Pacific. Frankie Askeew's brother,
Mike Askeew who is with a tank unit -
is in England - has been in a hospital for
3 months - she didn't give me his address -
He was married about the time you &
Cory were. Glee Phillips finally got his
marine commission after 4 weeks at camp
Crowder is the signal corps. A letter from
Calvert wanted to know all about you.
Your two Paul nieces are fine - I have a
feeling you going to contribute another
niece - grand-daughter!! - Nothing like
a bunch of females -

Dearest love to you from
us - do write Ma & Pa a little
more regularly - + don't be mad at me -

Big

Mrs. A. W. Paulgr.
