

July 23

Dear Care,

News! I'm having an oil treatment at the local hair cleaning establishment; and now is my chance to let you know the inside dope.

1. Wedding is Aug. 7. 5th, Spensie dinner + dance at Joneses Aug 6. However if you want to come earlier, do. There are many parties up til the 4th then nothing til sexte. It might be dull for you but why not come the 4th or 5th?

The dresses are a lovely shade of green (your color)

so sit back and relax. I
must know your shoe size
so I can get a pair for you
and have them tixed. Will
you wire me some? Should
get it done Monday or Tuesday.

Incidentally you've maid
of honor. I know this
surprises you but, I found
I had 11 bridesmaids &
1 matron of honor, as
your maid, as make it
10 brides, etc.

I'm afraid you don't know
any of them, and I'm too
tired to write them out!

awfully sorry your mom
can't come. Tell her mother
and I wish she could be
here. Isn't this writing
terrible - I'm so hurried.

Bring ~~as~~ a dinner dress -
we'll wear them to
Spurster dinner before
dinner - and anything
else you want.

Letter from Miss Haig
reveals Ted has very
important Navy commission -
can't tell anyone where he's
going. Typical? Probably
going to Rotherham Navy
yard.

If you think the "little things"
that the bride-to-be has to
do are fun, you're crazy.
This is honestly the only
time I have to write you,
Dad, is busy.

Must stop. Come
when you can - have to
have you -

Love

Kin
