

Godon best love -

I'm a settin' in 309 Raymond listening to Libby's records of the Nassons. My they are good. I love you. "I had a Dream" is now being done. I wish I'd known you when you were in Princeton. Step singing would have been so fine - Princeton Inn Lawn + the Nass - and Chaater Club which I've never been in.

When you ask would I mind you coming to Exeter the 29<sup>th</sup> - what do you think? Every day some you coming is one day closer to heaven. Would that mean the time after the wedding would be shorter? What's wrong with Coopers town for honeymoon? We couldn't go there the first day because it'd be too far, but I should think we could get there the second. Or could we? I don't have much idea where it is. We might - I haven't approached the family on this yet - borrow the station wagon for the honeymoon. That would mean we'd have to go back to Exeter before leaving for Sill, however. From everything you've ever said about it Coopers town sounds perfect - I want to see it with you.

Mum wrote me a long letter full of questions, suggestions, and comments. I've got to get to get busy + be constructive about this here now wedding. I just can't seem to get my mind on

all these little details when I'm thinking so  
hard and fast about my darling great big handsome  
husband .to.be in SEVEN WEEKS !!! I am full  
of joy + happiness today. Much song and movement  
because I love my fella and my fella loves  
me and we're to be married soon and life  
is good, if busy. For example it's time to go  
to class now, but it's a good class + I'm prepared  
and after it I can go to the mail, mail this  
+ see if I've a letter from Fort Sill. I love  
you. Goodness, if July doesn't hurry up + come  
I'll be exhausted from missing you. Come just  
as soon as you can. 29<sup>th</sup> of June or whenever you  
can - and want. When I'm a very happy  
fiancée.

I love you forever + ever + am all yours -
